

Manufacturer declaration acc. REACH

Ordinance (EC) no. 1907/2006 for the registration, evaluation and authorization of chemicals

As a manufacturer of energy chains (product) EKD Systems assumes at the present time that all **substances** or **preparations** contained in ekd products which require a registration are or will be pre-registered or registered by the suppliers in due time.

Already by the ECHA (European chemical agency) as anxiety exciting listed substances in shares of over 0.1% are not contained in ekd products.

Latest update with ECHA substance list version:

08.07.2023
